INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Big Brothers Big Sisters of Massachusetts Bay, Inc.
Boston, Massachusetts

We have audited the accompanying financial statements of Big Brothers Big Sisters of Massachusetts Bay, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BIG BROTHERS BIG SISTERS OF MASSACHUSETTS BAY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 1. ORGANIZATION

Big Brothers Big Sisters of Massachusetts Bay, Inc. (the "Organization") is an innovative, energetic Massachusetts nonprofit organization, incorporated on February 24, 1949. The mission of the Organization is to make a real difference in the lives of local youths by providing them with an invested, caring adult mentor. With research and proven outcomes at its core, the Organization is working to ensure every child has the support from caring adults that they need for healthy development and success in life. The Organization's vision is to inspire, engage and transform communities in Massachusetts Bay by helping youth achieve their full potential, contributing to healthier families, better schools, brighter futures and stronger communities.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Financial Statement Presentation

The Organization follows the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") subtopic *Presentation of Financial Statements for Not-For-Profit Entities*. Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations. The Organization may designate portions of its unrestricted net assets as board designated for various purposes.

Temporarily Restricted Net Assets - Net assets that are subject to donor-imposed stipulations that will be met either by actions of the Organization and/or the passage of time. Temporarily restricted net assets also include cumulative appreciation and reinvested gains on permanently restricted endowment funds, which are subject to prudent appropriation by the board of directors in accordance with provisions of Massachusetts laws.

Permanently Restricted Net Assets - Net assets are subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless the use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e. the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Comparative Totals

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2016 from which the summarized information was derived.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of support and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash and cash equivalents. The Organization places its cash and temporary investments with high credit quality institutions. At times, such investments may be in excess of FDIC insurance limitations. The Organization has not experienced any losses in such accounts.

Contributions Receivable

Contributions receivable include an allowance for doubtful accounts based on management's evaluation of outstanding balances at the end of the year. An allowance is made for uncollectible pledges based on management's judgment, past collection experience and other relevant factors. The allowance for doubtful accounts is \$50,416 and \$38,881 for the years ended June 30, 2017 and 2016, respectively.

Property and Equipment

The components of property and equipment are recorded at cost or, if donated, at estimated fair value on the date of contribution. The cost or carrying value of the assets is depreciated or amortized using the straight-line method over the respective estimated useful lives as follows:

	<u>Years</u>
Office Equipment	3 - 7 years
Leasehold Improvements	5 - 10 years

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Net realized and unrealized gains and losses are included in the change in net assets. Furthermore, dividends, interest, and realized and unrealized gains on long-term investments are excluded from operating activities.

BIG BROTHERS BIG SISTERS OF MASSACHUSETTS BAY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (continued)

The Organization follows the portion of Subtopic 205 of the FASB ASC that relates to *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of Uniform Prudent Management of Institutional Funds Act ("UPMIFA") and Enhanced Disclosures for All Endowment Funds*. This FASB ASC Subtopic provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of UPMIFA.

Return Objectives and Risk Parameters

The Organization's investment objective is to achieve a total return sufficient to provide resources needed for the ongoing service mission and operational needs of the Organization and to achieve real growth in capital net of distributions, expenses and inflation. This objective has been established in conjunction with a comprehensive review of the current and projected financial requirements of the Organization and is based on a ten-year investment horizon, so that interim fluctuations should be viewed with appropriate perspective.

The asset composition established by the Board of Directors represents a long-term perspective. As such, rapid unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside of the policy range. These divergences should be of a short-term nature. The current asset allocation will be monitored and reviewed at least quarterly by the Finance and Audit Committee relative to the established minimum and maximum range for each asset class.

To ensure divergence from the target policy is within allocation ranges rebalancing of assets may be necessary.

Spending Policy and How the Investment Objectives Relate to the Spending Policy

The Organization has a policy of appropriating for spending at a rate that must be sustainable for the long term and balance the dual needs of supporting current operational needs and preserving the value of the investable assets and its income distribution in perpetuity. The Organization's policy is based on the assumption that the spending policy over the long term will not exceed 5% of the average of the fund's previous 12 quarter ending market value, net of fees. The Board of Directors approves the draw rate on an annual basis. The approved appropriation from accumulated appreciation on invested permanently restricted net assets was \$170,000 for the years ended June 30, 2017 and 2016.

In establishing its spending policy, the Organization considered the long-term expected return on its endowment. Accordingly, the Organization's spending policies are conservative and, as such, support the long-term objectives of preserving the purchasing power of the endowment in perpetuity thereby sustaining its ability to support future programs and to provide additional real growth through new gifts and investment return.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement

The Organization follows the provisions of the *Fair Value Measurements* Topic of the FASB ASC. This Topic clarifies that fair value is an exit price representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. This Topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Determining where an asset or liability falls within that hierarchy depends on the lowest level input that is significant to the fair value measurement as a whole. The three levels of the fair value hierarchy are described below.

Level 1 - Quoted market prices that are available in active markets for identical assets or liabilities. The types of financial instruments included in Level 1 are marketable equity available for sale securities that are traded in an active exchange market.

Level 2 - Pricing inputs other than quoted prices in active markets, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Instruments included in this category are warrants and derivatives whose value is determined using pricing models with inputs that are observable in the market or can be derived principally from or corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 includes assets and liabilities whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following is a description of the valuation methodologies used for asset investments measured at fair value, as well as the general classification pursuant to the valuation hierarchy. There have been no changes in the methodologies used at June 30, 2017 and 2016.

- Money market funds, mutual funds, equity securities and exchange traded funds – The fair value of these investments are valued based upon quoted prices from active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

BIG BROTHERS BIG SISTERS OF MASSACHUSETTS BAY, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the certain financial instruments could result in a different fair value measurement at the reporting date.

During the years ended June 30, 2017 and 2016, there were no changes to the Foundation's valuation techniques that had, or are expected to have, a material impact on its financial position or change in net assets.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period the pledge is received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any.

Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the unrestricted net asset category.

Contributions of land, buildings and equipment without donor stipulations concerning the use of such long-lived assets are reported as revenues of the unrestricted net asset category. Contributions of cash or other assets to be used to acquire long-lived assets are reported as revenues of the temporarily restricted net asset category; the restrictions are considered to be released at the time of acquisition of such long-lived assets.

Contributions of services are reported as revenues and expenses of the unrestricted net asset category at the fair value of the services received only if the services create or enhance a non-financial asset or would typically need to be purchased by the Organization if they had not been provided by individuals with those skills. Contributions of goods and services to be used in program operations are reported as revenues and expenses of the unrestricted net asset category at the time the goods or services are received. There is no compensation for services rendered by members of the board of directors, with respect to their services as directors. The majority of contributed services and goods consist of tickets to sporting and other events, and legal services.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Revenue

Deferred revenue represents special event revenue received by the Organization prior to the fiscal year end for special events occurring in the next fiscal year.

Tax Status

The Organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code and accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

The Organization accounts for uncertain tax positions in accordance with FASB ASC Topic *Income Taxes*. The Topic prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken in a tax return. The Topic also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

The Organization files informational tax returns in the U.S. federal and Massachusetts state jurisdictions. At June 30, 2017, management believes that the Organization has no material uncertain tax positions.

Recently Issued But Not Yet Effective Accounting Pronouncements

Financial statement presentation - In August 2016, the FASB issued Accounting Standards Update ("ASU") No. 2016-14, *Presentation of Financial Statements for Not-For-Profit Entities* ("ASU 2016-14"), which reduces the number of net asset classes from three to two and increases disclosures about liquidity risks, among other changes. This ASU is effective for years beginning after December 15, 2017. The effect of adopting ASU 2016-14 on the Organization's financial statements has not yet been determined.

Revenue - In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASU 2014-09"), which requires an entity to recognize revenue to depict the transfer of promised good or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This ASU will replace most existing revenue recognition guidance in US GAAP, including industry specific guidance, when it becomes effective. This new guidance is effective for years beginning after December 15, 2018. The Organization is evaluating the effect that ASU 2014-09 will have on its financial statements and related disclosures.

Leases - In February 2016, the FASB issued ASU No. 2016-02, *Leases* ("ASU 2016-02"). This update requires all leases with a term greater than 12 months to be recognized on the statement of position through a right-of-use asset and a lease liability and the disclosure of key information pertaining to leasing arrangements. This new guidance is effective for years beginning after December 15, 2019, with early adoption permitted. The Organization is evaluating the effect that ASU 2016-02 will have on its financial statements and related disclosures.
